## SEMINAR DETAILS

Date

November 19, 2009

Location

Vucci, Inc.

3400 N. Ashton Blvd Ste. 120

Lehi, UT 84043

801.331.7060

Directions

HP, VMware and Vucci Technology Solutions can help you achieve your IT initiatives with the benefits of an Enterprise Virtual Desktop environment.

- Gain greater security and management
- Lower your TCO and complexity
- Enable desktop business continuity and disaster recovery
- View a live demo of the VMware Infrastructure Client
- Deliver a complete desktop to any user from any location

Industry analysts have claimed that the enterprise desktop can be one of the most challenging environments for IT to manage. This complex environment requires a sufficient amount of IT resources and may place your organization at risk.

The Desktop Virtualization solution provides centralized architecture which helps remove these concerns by relocation of the computer from an exposed perimeter, to a controlled secure data center.

### Speakers:

**HP: Chet Robinson, Client Virtualization Solutions Business Manager** - Chet has been with HP for 6 years having been involved with client virtualization and thin clients in some capacity that entire time. Chet is an admitted technophile and enjoys his job tremendously. Chet has been working in the IT channel for over 9 years, holds many technical and sales certifications and currently manages the distribution and direct reseller client virtualization business for HP.

**VMware:** VMware is the global leader in virtualization solutions from the desktop to the data center. Customers of all sizes rely on VMware to reduce capital and operating expenses, ensure business continuity, strengthen security and go green. VMware is one of the fastest-growing public software companies.

**Avnet: John Hayes** - John is an IT finance consultant specializing in helping clients take advantage of the financial dynamics within the technology marketplace. Three-time winner of Avnet's Corporate MVP award and a founding member of Avnet's Technology Migration Center, he also co-authored Avnet's Technology Management Maintenance Service (TMMS), a unique financial service offering that was utilized for ten years by over one hundred of Avnet's clients, including many of the Fortune 100 companies. John has direct hands-on experience in writing financial justifications and helping clients finance over \$1 billion in dynamic IT. Mr. Hayes presently leads Avnet's IT Consolidation practice and has participated in over three hundred enterprise server and storage consolidations in the last two years.

At the end of the event there will be a raffle for an HP Mini
